O Allah, send prayers and peace upon the wellspring of the divine mercy, the realised ruby that encompasses the focal point of all understanding and meanings, the Adamic light of all created worlds, the possessor of the divine truth, the brightest flash of lightning accompanied by the clouds of spiritual bounty, filling every sea and every vessel prepared to receive it, and upon Your radiant light by which You filled Your creation, which encompasses every place.
O Allah, send prayers and peace upon the wellspring of the truth, from whom the thrones of realities are manifested, the most upright source of knowledge, and Your perfect and straightest path.
O Allah, send prayers and peace upon the manifestation of the Truth through the Truth, the greatest treasure, Your outpouring from Yourself unto Yourself, the encompassing of the hidden light. May Allah send prayers upon him and upon his Family, a prayer through which You grant us true knowledge of him.
